AWEX, partner of the international economic development of Wallonia.

The Wallonia Export-Investment Agency (AWEX) is in charge of the development and management of Wallonia's international economic relations.

With regards to foreign trade, the Agency has a promotion and information mission with regard to both the international and Walloon business community.

Intended for purchasers, decision-makers, importers and foreign prospects, the Agency can, on request:

• pass on economic data regarding Wallonia and its export potential;
• provide information on the products and services of Walloon businesses;
• seek Walloon businesses for the conclusion of international partnerships;
• distribute lists of Walloon exporters.

Vis-a-vis Walloon businesses, the Agency is their comprehensive international partner, providing a range of services and activities covering the entire export process:

• General and commercial information on foreign markets;
• Production of individual market studies on request;
• Organisation of commercial canvassing operations (participation in international shows, organisation of economic missions, sector-based contact days, etc.);
• Contacts with international organisations;
• Promotion of Wallonia and its export potential;
• Financial support and funding for exports;
• Training and raising awareness of international professions.

With regards to foreign investment, the Agency provides general expertise in the areas of promotion, prospecting and informing potential investors. It also ensures active monitoring of investors based in Wallonia, as well a mission to find foreign buyers for Walloon industrial sites in the process of restructuring.

AWEX is also competent for the strengthening of the Wallonia brand image overseas. AWEX has a workforce of more than 400 people and about one hundred offices overseas.

ACTIVITIES, PRODUCTS AND BRANDS
Existing for more than 50 years, situated in south of Belgium, production of organic and traditional jams, Belgian family business, small structure meaning flexibility. Product is pasteurized and controlled by an online metal detection system, 100% natural products - no additive and/or color added. In our range we have:
- Pur natur, organic jam, available in various formats.
- Vallee de l’Ourthe, traditional jam, available in various formats.

NEW PRODUCTS AND INNOVATIONS
Thanks to our cooking system developed in 2009, we cook at low temperature (not more than 65°C). With a vacuum, we regain the evaporated aromas that we reinjected into the final product. This process is quite unique in Europe as we got an European patent in 2015. The result is a jam which is very rich in taste and in color, with great chunks of fruits in it. This year we developed a new jam with 70% of fruits. Come and visit us to taste it.

Our Jambon d’Ardenne St-Hubert is the only Belgian ham in line with IGP’s strict standards. This implies that our ham can only be produced in the Belgian Ardennes within a strict, artisanal process. Our resulting, natural Ardennes ham doesn’t contain any flavour enhancer nor colourants! Doubtless to say that our excellent Jambon d’Ardenne St-Hubert can compete with other, high-quality European hams!

NEW PRODUCTS AND INNOVATIONS
Starting 2019, we will produce not only our Jambon d’Ardenne St-Hubert IGP but also the Noix d’Ardenne IGP, made from the finest muscle piece of an Ardennes ham. Both our IGP Ardennes ham toppers are completed with an extended range of smoked and pure porc salamis in both bulk and snacking varieties under our quality labels “Fleur des Ardennes” and “St-Hubert”.

CERTIFICATION
ISO 22000, IFS Broker & Logistics, Bio & IGP certificates and auto-control certificates G019 & G039.
